Re: In Your Interest

I want you to know how much I enjoy this feature. I find it informative, enlightening and always entertaining.

I don't know how you continue to top yourselves but you always do.

I have watched for years and have intended to write this letter for years. I'm glad it's finally done!

Please continue your good work. We are all better informed because of you.

Dear Mr. Pearce:

I want to commend KHSC TV and the staff of the station for its excellence in public affairs programming. KHSC TV is the only station I know that has made a genuine effort to bring news and commentary about the Inland Empire to the residents of the area. On election night and earlier on Mr. Kilmeade's show, you provided a level of understanding about national and state issues as they impact the Inland Empire that was genuinely informative and enlightening. Keep up the good work. Please add even more public affairs programming to what is an excellent start.

Sincerely,

Dear Mr. Killmeade,

We are very grateful for the public information and service spots you did for our agency informing the public about the impact of alcoholism in our community. To date there have been 100 calls from the community seeking help and information. In addition many people have commented on the program and its effectiveness.

We think you helped a great deal in the continuous war against substance abuse.

Dear Ms. Rob:

I recently watched a CPR training program on your cable channel and I thought it was excellent. From a Fire Department perspective, the more citizens who know CPR, the easier our job is. If possible, we would like to get a copy of the program to broadcast on the Garden Grove government cable Channel 3. This channel is broadcast to Garden Grove residents only and we would probably run it on a fairly regular basis.

Thank you for your assistance. Please call me at (714) 741-5634 or Ellen Covey at (714) 741-5624, if you have any questions.

To Whom It may Concern:

One of my main concerns that does not recieve much attention today deals with Satanism. I would like to hear the views of young adults, as well as the views of their parents dealing with this subject.

Along with the interview of the young adults and their parents, I would like to hear a minister speak on the subject. I have a minister in mind, that I've heard speak on the subject before, Reverend Raul Ries from Calvary Chapel of West Covina, 1432 Puente Ave., West Covina, CA 91790-1223, Phone (818) 814-2302.

I beleive this subject of Satanism will be of intrest to many people today. It's also a subject that is doing great harm to our children and is in the minds of may and they don't even realize it.

Sincerely,

Dear Ms. Higgins,

This is to thank you for the vital information you presented in channel 46's "In Your Interest" series on earthquake preparedness. Having said that, I must say I was disappointed to hear you say, 'Disaster centers will be manned by the Red Cross' (paraphrased, emphasis mine). I know in the presence of being on TV and all, it sometimes happens that such sexist language sometimes slips out. It becomes vital for public spokespersons to be aware of their own language! I'm sure you know the term of choice is now "staffed". I hope this letter has helped to raise your consciousness.

Dear Friends:

I just caught the last few seconds of your commentary tonight about trucks that carry gravel and other building materials without covering the tops of the trucks. I have several nicks in my windshield and it really makes me mad when I see the rocks flying towards me when I know that there's nothing I can do to prevent it. I think something should be done about this. If you need some support on this issue, please do not hesitate to contact me at the address above. Thank you for taking the time to read this short note and good luck with the effort against these negligent truckers.

Dear Ms. Robinson,

A belated note to commend you and KHSC for the fine programs relating to solid waste and recycling you developed for In Your Interest. All aspects of the solid waste issue were thoroughly covered. The series was exceptionally understandable and educational. That can be very difficult when dealing with such a complex and emotionally-charged issue.

It is nice to know that a local station played an important part in a serious local issue and gave the subject adequate air time to develop the many sides and opinions which play such an important role in the decision-making process.

Thank you for being there!

Sincerely,
